Part Number	Description
10B45002	GSM Screw-In 4.5 mm Suture Anchor, double loaded
10B45003	GSM Screw-In 4.5 mm Suture Anchor, triple loaded
10B55002	GSM Screw-In 5.5 mm Suture Anchor, double loaded
10B55003	GSM Screw-In 5.5 mm Suture Anchor, triple loaded
10B65003	GSM Screw-In 6.5 mm Suture Anchor, triple loaded
10N47502	GSM Dual Thread Screw-In 4.75 mm Suture Anchor
10N55002	GSM Dual Thread Screw-In 5.5 mm Suture Anchor

The Genesis Screw-In & Dual Thread Screw-In anchors are intended for re-attaching soft tissue to bone with sutures. The anchors are manufactured from biocomposite materials (PLGA copolymer and β -TCP). A nonabsorbable suture manufactured from cobraided UHMWPE is inserted into the anchor. The anchor is implanted using a provided driver.

REQUIRED INSTRUMENTS FOR PUNCH: 40AWLO450 & 40AWL0550
